

**INTERNATIONAL SCIENTIFIC CONFERENCE**  
**«THE FORMATION OF ARCHAEOLOGICAL LAYERS IN STONE AGE WETLAND SITES: understanding**  
**complex site structures»**  
**17–18<sup>th</sup> October 2019, Saint-Petersburg**

**Thursday**  
**17<sup>th</sup> October**

*The State Hermitage Museum, 34 Dvortsovaya emb.*

**9.15 – 10.00** Registration

**10.00** Welcome speech

**10.10 – 10.20** A.N. Mazurkevich. Invisible fragile cultural heritage.

**10.20 – 10.50** M. Hostettler, A. Hafner. Dehydration, bioturbation and a tree windthrow – the case study of the draining wetland site of Burgäschisee-Nord (Switzerland)

**10.50 – 11.10** Mazurkevich A., Maigrot Y., Dolbunova E., P. Kittel. Formation of archaeological layers on different areas of Serteya II site

**11.10 – 11.40** Kittel P., Mazurkevich A., Danger M. , Dolbunova E., Gauthier E., Krąpiec M., Kurzawska A. , Maigrot Y., Mroczkowska A., Okupny D., Płóciennik M., Pawłowski D., Rządkiwicz M., Słowiński M., Szymańska J., Wieckowska-Lüth M. The study on palaeoecology of the Neolithic occupation of the Serteya II site in W Russia

**11.40 – 12.00** Coffee break

**12.00 – 12.30** C. Heitz, M. Hinz. Layered cultural (trans)formations – Changing Pottery in Wetland Site Stratigraphies

**12.30 – 13.00** N. Morera, O. López-Butó, J. Antonio Barceló, A. Palomo, X. Terradas, R. Piqué. Looking for archaeological remains above and underneath the dwellings platform. Case study from La Draga archaeological site (NE of the Iberian peninsula)

**13.00 – 13.30** H. Pohl. Four years underwater archaeological excavations in Upper Austria: the interpretation of archaeological layers in three neolithic wetland sites

**13.30 – 14.30** Lunch

**14.30 – 15.00** V.V. Sidorov. Littoral accumulation of materials or cultural layer?

**15.00 – 15.30** A.L. Aleksandrovskiy, E.K. Belova, E.G. Ershova, P.I. Kalinin, O.V. Lozovskaya, M.I. Zhilin. Diversity of cultural layers, their composition, formation processes, paleoreconstruction issues

**15.30 – 16.00** M.A. Kulkova. Geochemical methods of search, determination of functional zones and cultural layer borders on the archaeological sites

**16.00 – 16.30** V.N. Karmanov. Trasology in the excavation: an experience of studying the culture-bearing sediments of the Neolithic and Eneolithic in the far northeast of Europe

**16.30 – 16.50** Coffee break

**16.50 – 17.10** Vincent Bernard. Modelling Middle Neolithic trees: the site of Passel (northern France)

**17.10 – 17.25** R.V. Smol'yaninov, E.S. Yurkina, A.A. Kulichkov, M.A. Kul'kova, A.S. Zheludkov, E.Yu. Yanish. Dobroe 9 site in the Upper Don River

**17.25 – 17.40** A. Mazurkevich, P.Kittel, E. Dolbunova, Mateusz Krupski, Wiktor Piech, Renata Stachowicz-Rybka, Agnieszka Mroczkowska, Marek Krąpiec. The traits of the layer with agriculture traces at Serteya II site (W Russia)

**17.40 – 17.55** M. Danger. Contribution of ichthyoarchaeology and intra-site spatial analysis to the reconstruction of Stone Age economy: the example of fishing evidences from Serteya II (Smolensky Oblast, Russian Federation)

**18.00** – Buffet reception

**Friday  
18<sup>th</sup> October**

*The State Hermitage Museum, 34 Dvortsovaya emb.*

**10.00 – 10.30** E.V. Leonova. Particularities of cultural layers of Late Pleistocene early Holocene in cave sites of the Caucasus foothills

**10.30 – 11.00** G.A. Khlopachev. Particularities of microstratigraphy of Udinovo Paleolithic site

**11.00 – 11.30** Nira Alperson-Afil. By the fireplace: Acheulian spatial patterning of activities

**11.30 – 12.00** A. Larionova. Spatial Organization of the Open-air Middle Paleolithic Site Ketrosy (Middle Dniester Valley): Main (3) Cultural Layer

**12.00 – 12.20** Coffee break

**12.20 – 12.50** O. Uspenskaya. On the issue of study the surface preservation of the stone age tools in the light of use-wear analysis observations

**12.50 – 13.20** I. Khrustaleva, A. Kriiska. Spatial Analysis of the occupation layer objects of the Jägala- Jõesuu V Stone Age settlement site, Northern Estonia

**13.20 – 13.50** J. Szmanda, P. Kittel, A.V. Tsybryi, E.V. Dolbunova, A.N. Mazurkevich, V.V. Tsybryi. Geomorphological determinants of the location of the Neolithic settlement in Rakushechny Yar (in the lower Don River valley)

**13.50 – 15.00** Lunch

**15.00 – 15.30** A.V. Tsybryi, E. Dolbunova, A. Mazurkevich, V. Tsybryi, S. Gorodetskaya, C. Hamon, J. Meadows. Inhabitation in the 6th mill BC at Rakushechny Yar site - formation and chronology of archaeological layers

**15.30 – 16.00** T. Y. Grechkina, A.A. Vybornov, Y.S. Lebedev. Spatial analysis on the Baibek site

**16.00 – 16.30** A.A. Vybornov, M.A. Kulkova. Particularities of Neolithic-Eneolithic layers formation on the sites Algay and Oroshaemoe in the Lower Volga: archaeology and geochemistry

**16.30 – 17.00** A.S. Akulova, R.V. Smol'yaninov. Sites with Rhomb-pit ware in the forest-steppe Don area

**17.20 – 18.30** Excursion
